

“The ultimate purpose of other creatures is not to be found in us. Rather, all creatures are moving forward with us and through us towards a common point of arrival, which is God, in that transcendent fullness where the risen Christ embraces and illumines all things.”

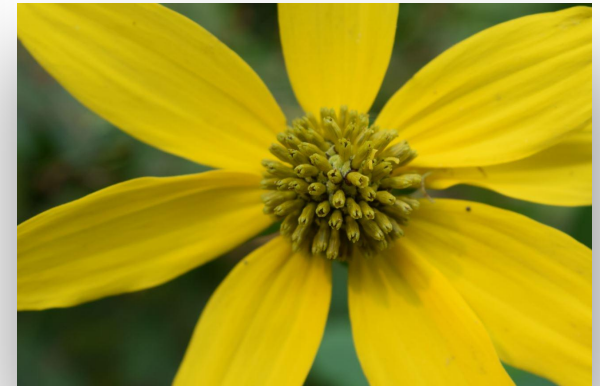

— Pope Francis,

LAUDATO SI' ON CARE
FOR OUR COMMON

“A Pollinator Sanctuary is an easy way to take action in response to the rapidly emerging needs of our Earth. It also makes for beauty right here, in our own yard.”

The **Sisters of the Divine Savior** or **Salvatorian Sisters** are part of the global Salvatorian community. Salvatorian Sisters, Priests, Brothers and Lay Members serve in more than 40 countries. In response to the call to help protect the Earth and those who live upon it, the Salvatorian Sisters in the U.S., in collaboration with the Victory Noll Sisters Small Grant Program, have designed this **Pollinator Sanctuary kit**.

Use this kit to establish a colorful wildflower garden using plants native to your area so that endangered pollinators can continue to provide their vital service to our world.

What should I do with my Pollinator Sanctuary Kit?

- ❑ Review the informational brochures and check some online resources.
- ❑ Plan, plant and grow a pollinator sanctuary near your home, parish, school, or neighborhood.
- ❑ Read about *Laudato Si* and invite your faith community to participate in a response.
- ❑ Unite in prayer using the enclosed prayer service.
- ❑ **Send a photo of your Pollinator Sanctuary to us by October 1, 2022 so we can share it with our collaborating funders.**
